Healthcare Preparedness Program Goal and Deliverables

The goal of the HPP is to promote safer and more resilient communities by preparing hospitals, healthcare systems, and healthcare system coalitions to meet four healthcare preparedness capabilities described in the 2017-2022 Health Care Preparedness and Response Capabilities.

The four healthcare preparedness capabilities are as follows:

- Capability 1 – Foundation for Health Care and Medical Readiness
- Capability 2 – Health Care and Medical Response Coordination
- Capability 3 – Continuity of Health Care Service Delivery
- Capability 4 – Medical Surge

Each State Regional and Metro Health Department has a Regional Hospital Coordinator (RHC) to provide guidance in assisting hospitals, healthcare systems, and healthcare coalitions (HCC) in building capacity toward the ASPR healthcare preparedness program capabilities and performance measures. Specific Tennessee HCC Goals and Objectives for July 1, 2018 – June 30, 2019) include:

- Each HCC will submit a draft response plan by April 1, 2019 and have a final plan completed and approved by all of the core membership by June 30, 2019, *Performance Measure 5*
- Every six months, each HCC will review HHS Empower data that will be provided by the State, *Performance Measure 6*
- Each HCC will review data from the Social Vulnerability Index at least annually, *Performance Measure 7*
- Each HCC will provide input into the State ESF 8 response plan, *Performance Measure 8*
- Each HCC will provide input into the TDH Jurisdictional Assessment, *Performance Measure 9*
- Each HCC will provide After Action Reports with Improvement Plans for response to exercises and real events, *Performance Measure 10*
- Each HCC will adopt and review standards for care and allocation of scarce resources during crisis, *Performance Measure 11*
- Every six months, HCC members will participate in redundant communication drills, *Performance Measures 12 & 13*
- Each HCC will complete a resource assessment to identify health care resources and services at the jurisdictional and regional levels that could be coordinated and shared. HCCs will be capable of tracking this information and sharing it with all of their members, *Performance Measure HPP-PHEP J.1*
- Each HCC will complete an annual Hazard Vulnerability Analysis, *FOA - Page 4*
- Each HCC will conduct an evacuation coalition surge test tabletop/functional exercise with executive after action review, *Performance Measures 14-21*
- Each HCC will assist hospitals in developing/maintaining capacity to receive, stabilize, and manage pediatric medical emergencies, *Performance Measure 22*
- For the next project period beginning July 1, 2019, each HCC will submit a proposed budget to the State by December 31, 2018

- Each HCC will provide complete reporting for the ASPR Coalition Assessment Tool by June 30, 2019. HCCs must update forms 1-4 by January 31, 2019.

Partnerships and Roles

HCC advisory or executive committees will fulfill roles related to the selection of recipients and the projects for funding. It is the responsibility of the HCC advisory or executive committee to adopt bylaws to govern operations and to appoint certain individuals to request funding disbursement for approved purchases. The HCC advisory or executive committee is responsible for strategic planning and reporting for the expenditure of funds to improve community-wide preparedness. The HCC advisory or executive committee will ensure safeguards are in place to protect the HCC contracting entity from liability resulting from the purchase of inappropriate items. The roles of the contracting entity includes: writing checks, preparing financial statements, and providing necessary financial tracking reports. The contracting entity may charge a predetermined reasonable service fee for administration and other services.
